

*The Mascareñas' group ([www.metbiocat.eu](http://www.metbiocat.eu)) is hiring a postdoct expert in cell/chemical biology and microscopy*

**Are you looking for new challenges in research at the interface of biology, chemistry, and biomedicine? Don't miss this opportunity** to learn and work in a highly prestigious multidisciplinary team, in the cutting-edge environment of CiQUS ([www.usces/ciqus/en/research-areas](http://www.usces/ciqus/en/research-areas)).

## Description of the offer

---

**Topic:** “Metal-mediated catalysis in biological settings” ([Prof. José Luis Mascareñas](#)).

**Starting Date:** March/April 2023.

**Research Center:** CiQUS ([www.usces/ciqus/en](http://www.usces/ciqus/en)), University of Santiago de Compostela (Spain).

**Terms and conditions:** Full-time, up to three years contract.

**Group:** Metbiocat ([metbiocat.eu](http://metbiocat.eu)).

**Research work:** Interdisciplinary project in collaboration with synthetic chemists and chemical biologists to develop metallocatalysts for biological purposes, funded by the ISCIII and the AEI.

## General Requirements

---

- *PhD in Biology, Biomedicine, Biotechnology* or related.
- Expertise in Cell and Molecular Biology.
- **Proven experience in microscopy.**
- International postdoctoral experience.
- Excellent academic and scientific record, with publications in top journals as main author.

## Other Requirements

---

- **Passion**, initiative, and team-working ability.
- Some **background in chemistry** and chemical biology.
- Strong commitment for scientific excellence in a highly competitive environment is a must.

## Additional information

---

3 years of funding with a competitive salary, starting from the corresponding to USC “Investigador Asociado 2021” category.

Application will be open until March 15<sup>th</sup>, 2023. Candidatures will be considered on a rolling basis – since we aim to start this position as soon as possible –.

**If you are interested, write an email to [info@metbiocat.eu](mailto:info@metbiocat.eu)** sending a motivation letter and a brief CV (max. 4 pages), indicating in the subject *“Bio-PD EoI @metbiocat”*. The name and email of **two contacting professors or researchers that know the candidate should be provided.**
